**Describe why you need our help**

Tell us why you are asking for assistance from WWT. Describe your household’s existing water problem, potential cause of problem, and how this cause was determined. If you have no source of safe drinking water, please state that.

---

---

---

---

Have you or anyone else taken any actions to correct this problem? What did you try? What was the outcome?

---

---

**Do you own this property?**

---

**How much will it cost to repair or replace your well or to construct a new well? What amount are you requesting from WWT?**

To get this information, you will need to contact 2 – 3 water well contractors in your area. The contractors will come to your site to assess what is needed and will give you an estimate for the work to be completed. It is your decision as to which contractor you will use.

You need to **provide a copy of the price quotes/estimates with not to exceed limits from the water well professionals and/or water quality treatment professionals** with this application. The quotes/estimates must provide a description of all work that is needed to fix the problem or situation and all specs for all materials to be used or installed. Quotes should not include any maintenance agreements or extra repair parts.

Additional information required from the water well/water quality professionals includes: warranty for work to be completed, certificate of insurance, and certification or license number.

Have the water well professional provide an estimated start and completion date for the work being proposed.

**How much funding are you requesting from WWT?** \_\_\_\_\_

**Additional Requirements**

**Provide a copy of a valid permit for a well if it is required by your county** for this project. Your water well contractor can help you with this. If you need to get a permit for a well, you may need to go to your local health department and apply there. There is usually a fee for this. Take a copy of your income with you and the fee may be waived. Getting a permit usually takes several weeks, so do this as soon as you can.

Please use the space below to offer any additional information you wish the Water Well Trust to know as your application is considered. You can add additional pages if needed.
